ABOUT US

Soul Square, in simple words is a boutique restaurant. When we say this, we mean it quite literally – A vibrant mix of a restaurant and a boutique. We strive to be a space where you find your “Josh” for the day with the first sip of coffee and the goodness of our breakfast, where you find solace on a languid afternoon with some sweet treats and “Chai pe Charcha”.

Come evening time, we want to be your clandestine romantic date night or your go to wholesome fam-dinner.

Immerse yourself in this wholesome experience with the sound of your favorite pop music, warm aromas of coffee, cinnamon and comfort food, combined with visual delights of our ambience, desserts and retail.

Mother daughter duo – Meeka and Shaina take great pleasure in welcoming you here! Meeka, an ophthalmologist by profession (serial entrepreneur by choice) and Shaina, student of Les Roches

hospitality school thoroughly enjoyed conceptualizing this space and presenting it to you. We hope you too find immense joy in exploring the space and its culinary delights.

LULU AND DORRO

Stepping into the world of fashion, we introduce Lulu and Dorro, featuring luxe jewellery and garments. Look around and enjoy our bohemian/vintage creations. Indulge in some retail therapy for statement pieces.

POP UPS: VOCAL FOR LOCAL

Are you a local entrepreneur?

Are you looking for a platform to showcase your creations?

We provide space and visibility so that we all can grow together!
